

## CHIEF OF STAFF (M/W/D) TO THE CHIEF REPRESENTATIVE

DMG MORI is looking for an outstanding high performer as Chief of Staff to support the Chief Representative and the top management team as an enabler and sparring partner. You will be at the forefront of shaping the future of DMG MORI and involved in confidential strategic projects (e.g., sustainability).

### Job Description

- Technical, strategic, and operational support of the Chief Representative of DMG MORI in day-to-day business
- Evaluate new strategies, product ideas, business models, and growth opportunities – turning ideas into execution, nationally and internationally
- Coordinate and manage external parties (e.g., strategy consulting firms)
- Support in selected M&A activities

### Your Profile

- Successfully completed a university degree (doctorate or master's degree) in engineering, business, economics or similar
- Clear passion for sustainability
- Proven experience in the development of strategies, business plans and roadmaps as well as business and process management
- Very good understanding of digital business models, excellent analytical skills and entrepreneurial mindset
- Strong ability to communicate across all seniority levels in English and German

### Job Highlights

- Work closely with top executives of a world leader in a fast-moving industry
- Outstanding career trajectory – DMG MORI aims to develop you into a future leader within the firm
- Competitive pay
- Short decision-making processes

## FUTURE CREATOR WANTED

DMG MORI is a **worldwide leading manufacturer of high-precision machine tools and sustainable technologies** that are at the beginning of global value chains. Integrated automation and end-to-end digitization solutions extend the core business with turning and milling machines, advanced technologies and additive manufacturing.

DMG MORI's technology excellence is bundled within the main sectors of aerospace, automotive, die & mold as well as medical and semiconductor.

In the "Global One Company", around **12,000 employees** are in direct contact with over **100,000 customers** from 55 industries.

DMG MORI is **present in 87 countries worldwide** – with 15 production plants, 111 sales and service locations – and is actively advancing the future fields of automation, digitization and sustainability.
