

Private Equity Performance Improvement Internship Program (Munich)

About Alvarez & Marsal

For three decades, Alvarez & Marsal (A&M) has set the standard for working with organisations to solve complex problems, boost performance and maximise value for stakeholders. A&M has over 3,500 professionals globally who specialise in delivering turnaround & interim management, performance improvement and consulting services to a range of investors, law firms, corporate clients and private equity firms across the world.

Through our Private Equity Performance Improvement practice (PEPI), A&M offers assistance to private equity owned portfolio companies that are pursuing a growth strategy, performing with options to increase EBITDA or under-performing with a need to reorganize, reposition or take costs out. Working directly with company management, A&M helps stabilise financial and operational performance by developing and implementing comprehensive profitability and working capital improvement measures. A&M's involvement reassures all stakeholders that the company is taking important steps to address its issues, execute its business plans and maximize its value.

Our clients include 300+ mid- and large-cap private equity companies, 20% of the S&P 500, 50% of all Fortune 100 companies, as well as numerous companies from various industries in Germany, UK and across Europe.

Our Internship Program in Munich, Germany

Our interns will be part of the private equity performance improvement consulting team for 2 – 3 months. As part of the internship program, you may have exposure to:

- working on client engagements (either in the office or on client site)
- developing company and industrial analyses
- supporting research initiatives and new business development

The Ideal Candidate

The central building block of our success is our employee. Their enthusiasm, willingness to perform and flexibility to adapt to a constantly changing environment matter to us. The ideal candidate will be a high performing self-starter with the ambition and desire to succeed in an entrepreneurial culture. In addition, you will have:

- strong analytical skills combined with well-developed financial modelling capabilities
- relevant practical experience within a Big 4, leading strategy consultancy or investment bank
- excellent oral and written communication skills
- fluency in English and German
- a bachelor's degree and currently enrolled in a Master's program or MBA class

We are looking forward to your application (<https://www.alvarezandmarsal.com/careers>).

If you have any questions please do not hesitate to contact our Talent Acquisition Manager, Christine Schrödl at 089-710406092 or by mail: cschroedl@alvarezandmarsal.com.
